# Citroën Jumpy 2.0 HDi 136 maintenance sheet

Jumpy II · 136 PS (100 kW)

Years : 2007–2011  Generated on : 04 November 2026

## Technical specifications

Diesel | Engine code : DW10 2.0 HDi | 1 997 cm³ | Manual 6

## Maintenance schedule

≈: estimated reference — the vehicle's service indicator prevails.

| ITEM | INTERVAL | |
|---|---|---|
| **Oil and filter change** | **≈ 30,000 km or 2 years** | Typical interval: 30,000 km or 24 months, whichever comes first. PSA B71 2290 / ACEA C2 — Engine, model year and severe use may require a shorter interval; do not exceed the service warning. The listed oil approvals are not interchangeable: check the one for the engine. |
| **Brake fluid** | **Every 2 years** | Brake fluid: generally replaced every 2 years; inspect the brakes at each service. |
| **Timing belt** | **180,000 km or 10 years** | Replace the complete kit (belt, tensioners and usually the water pump) at whichever comes first; a broken belt destroys the engine. |
| **Air filter** | **60,000 km or 4 years** | Replace more often in dusty conditions. |
| **Cabin filter** | **30,000 km or 2 years** | Often replaced at each service; earlier if smells or persistent misting appear. |
| **Diesel filter** | **60,000 km or 4 years** | Drain any water at each service; a clogged filter causes loss of power. |
