# Ford Transit Custom 2.0 EcoBlue 130 maintenance sheet

Transit Custom I · 130 PS (96 kW)

Years : 2016–2023  Generated on : 04 November 2026

## Technical specifications

Diesel | Engine code : Ford 2.0 EcoBlue | 1 995 cm³ | Manual 6

## Maintenance schedule

≈: estimated reference — the vehicle's service indicator prevails.

| ITEM | INTERVAL | |
|---|---|---|
| **Oil and filter change** | **≈ 30,000 km or 2 years** | Typical interval: 30,000 km or 24 months, whichever comes first. WSS-M2C913-D / WSS-M2C950-A — Engine, model year and severe use may require a shorter interval; do not exceed the service warning. The listed oil approvals are not interchangeable: check the one for the engine. |
| **Brake fluid** | **Every 2 years** | Brake fluid: generally replaced every 2 years; inspect the brakes at each service. |
| **Timing belt** | **150,000 km or 10 years** | Replace the complete kit (belt, tensioners and usually the water pump) at whichever comes first; a broken belt destroys the engine. |
| **Air filter** | **60,000 km or 4 years** | Replace more often in dusty conditions. |
| **Cabin filter** | **30,000 km or 2 years** | Often replaced at each service; earlier if smells or persistent misting appear. |
| **Diesel filter** | **60,000 km or 4 years** | Drain any water at each service; a clogged filter causes loss of power. |
