# Honda SH125i 125 maintenance sheet

SH125i (2013) · 12 PS (9 kW)

Years : 2013–2016 Generated on : 04 November 2026

## Technical specifications

Petrol | Engine code : Honda 125 eSP | 125 cm³ | Automatic variator (CVT)

## Maintenance schedule

≈: estimated reference — the vehicle's service indicator prevails.

| ITEM | INTERVAL | |
|---|---|---|
| **Oil and filter change** | **≈ 12,000 km or 1 year** | JASO MA or MA2 approved four-stroke motorcycle oil (JASO MB on scooters): an "energy conserving" car oil makes the wet clutch slip. Change it more often in city use or on track. |
| **Brake fluid** | **Every 2 years** | Replace the fluid in both circuits (and the hydraulic clutch if fitted), whatever the mileage; dark fluid has absorbed moisture. |
| **Fork oil** | **≈ 30,000 km** | Fork oil change and seal check; an oil film on the tubes means a seal needs replacing before it contaminates the brake caliper. |
| **Final drive oil** | **≈ 20,000 km** | The rear-wheel gearcase has its own oil, separate from the engine oil; replace it when the service book says, often with the variator belt. |
| **Spark plugs** | **Every 16,000 km** | Replace the full set; worn plugs raise consumption and cause misfires. |
| **Air filter** | **Every 16,000 km** | Replace more often in dusty conditions. |
| **Valve clearance** | **Every 16,000 km** | Check and adjust if needed, often together with the plugs; too little clearance burns the valves, too much makes the engine noisy. |
| **Variator belt and rollers** | **Every 24,000 km** | Replace the belt and check the rollers and clutch; a worn belt makes the scooter slip and can snap while riding. |
| **Coolant** | **Every 3 years** | Replace the coolant and check the hoses and radiator; check the level cold between services. |

## Service record

| DATE | MILEAGE | WORK DONE | WORKSHOP |
|---|---|---|---|

Indicative intervals and costs: adapt maintenance to the engine, use and manufacturer’s instructions.
